

Fundraising Opportunities

Hop's Bounce House is committed to helping the community through partnerships, helping those in need and providing a clean and safe environment for all to play and enjoy. We love being in a place that kids love to play and adults to socialize and relax. This environment is perfect for Fundraising opportunities for your School, Organization or Non-Profit. We offer a generous donation of 20%** of all admissions the day of the event back to your organization***. That means a straight across 20% of every single admission as they come in without expenses coming out first*.

Fundraisers can be scheduled for any regular business day excluding any holidays. Events that fall on a weekend will be subject to certain restrictions to allow for regular business flow for birthday parties. Our fundraising will not be restricted to certain hours of a day nor require a flier to be brought in to qualify for the fundraiser. As stated above ALL admissions during the event date will be qualified for the 20% back to your organization**. This means there is a higher chance for a greater amount to go back to your organization, which is what we all want.

If you are interested in having a fundraiser with us please send us an email at info@hopsbouncehouse.com or give us a call at 805-460-7330. We look forward to helping you to have a successful fundraising event!

When a fundraiser is approved and scheduled with us we will do what we can to help spread awareness, however we are not responsible for any of the marketing for your event. If you have design or print needs we highly recommend (Mike insert your business here) for all your needs (Not affiliated with Hop's Bounce House).

**"Admissions" will be the only qualifier for the 20% back during the date of your event. All other sources of revenue collected that day will be excluded.

**There is a \$60 donation minimum that must be met during weekdays and \$100 donation minimum for Weekends (20% back must equal the minimums), if the minimums are not met the donation will drop to 10%.

***Not all organizations will be approved for fundraising. All organizations will be subject to approval and the discretion of the company and its owners.
